K-TOP aluminum slab formwork

K-TOP
Aluminium Slab Formwork

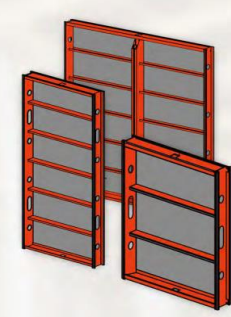

Panel Dimension

- 180 x 180 cm
- 180 x 90 cm
- 180 x 75 cm
- 180 x 60 cm
- 180 x 45 cm
- 90 x 90 cm
- 90 x 75 cm
- 90 x 60 cm
- 90 x 45 cm

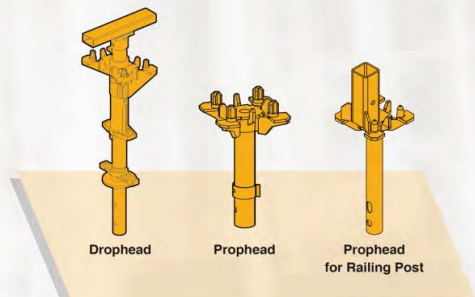

Profile Thickness:
14 cm aluminium frame profile

K-TOP
Components

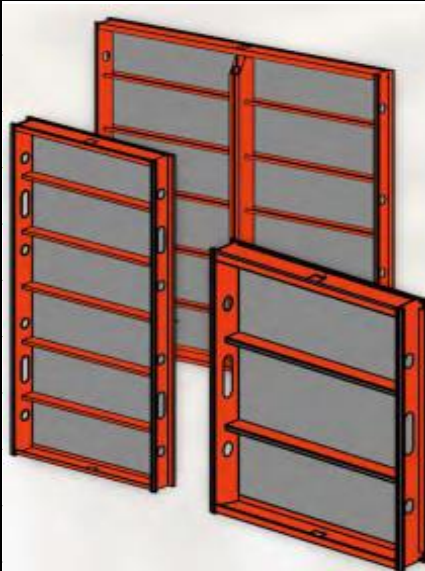

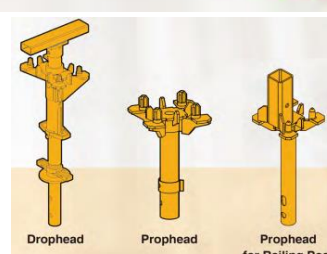

The K-TOP modular slab formwork provides fast forming times and a good safety during forming and stripping operations from the ground. The aluminum modular formwork system needs no beams. The up to 180 x 180 cm panels are erected by a maximum of two men. They are simply hooked into the bearing, lifted up, and propped.

PRODUCT ADVANTAGES
Robust yet lightweight aluminum design provides easy and ergonomic handling.
Safe forming and stripping up to a height of 3.5 m from the ground in 3 easy working steps.
Giant panel 180 x 180 cm covers a forming area of 3.24 m².
Flexible due to various adjustment parts and alternatives.
Integrated safety measures with the edge guard

Drophead
Prophead
Prophead for Railing Post
